IPTC is expected to attract more than 18,000 attendees when it returns to Dhahran Expo, Kingdom of Saudi Arabia in February 2024.

Founded in 2005, the International Petroleum Technology Conference (IPTC) continues to be a flagship multidisciplinary technical event in the Eastern Hemisphere. The knowledge, capabilities and strengths of the participating countries and the sponsoring societies’ global membership are central to the success of the conference and exhibition.

IPTC is sponsored by four industry organisations and societies, the American Association of Petroleum Geologists (AAPG); the European Association of Geoscientists and Engineers (EAGE); the Society of Exploration Geophysicists (SEG); and the Society of Petroleum Engineers (SPE).

IPTC is focused on the dissemination of new and current technology, best practices and multi-disciplinary activities designed to emphasise the importance of the value chain and maximising asset value. The knowledge, capabilities and strengths of the participating countries and the sponsoring societies global membership, over the spectrum of multidisciplinary technologies, are central to the success of the conference and the corresponding exhibition.

Senior Vice President, Upstream Saudi Aramco

Oil and gas is here to stay. We need the brightest minds in the industry, and we need to continue to attract young and talented people, so they take us to the next level.

Nasir K. Al-Naimi
Senior Vice President, Upstream Saudi Aramco

Be part of the IPTC feature and take advantage of OGN’s global readership

Oil & Gas News (OGN) is the only energy industry media platform covering all aspects of the upstream, midstream and downstream sectors including refined products, petrochemicals, chemicals, renewables and power generation.

3000+ copies will be distributed at the exhibition

Print: 8,500 copies per month
Online: 612,374 page views per year
2,341,690 e-newsletters per year

Head Office:
Regional and International Offices: KSA: Khobar, Riyadh and Jeddah, UAE and UK
