

PROJECT WATCH – OMAN*

Project	Facility	Budget	Status
Biofuels Refinery	Biofuels	800,000,000	On Hold
Block 43b - Onshore Exploration and Production	Gas Exploration	40,000,000	On Hold
Block 47 - Onshore Exploration and Production	Exploration	40,000,000	EP
Block 48 - Onshore Exploration and Production (Malih Block)	Exploration	30,000,000	EP
Block 50 (Masirah Bay Offshore) - Exploration	Exploration	250,000,000	Construction
Block 54 - Onshore Exploration and Production	Exploration	50,000,000	EP
Block 56 - Onshore Exploration and Production	Exploration	50,000,000	EP
Block 57 - Onshore Exploration and Production	Exploration	40,000,000	EP
Block 58 - Onshore Exploration and Production	Exploration	80,000,000	EP
Block 60 - Concession Development - Overview	Oil & Gas Field	1,100,000,000	Construction
Block 60 Concession - Bisat Oilfield Development - Full Field Development	Oil Field Development	150,000,000	EPC ITB
Block 61 - Ghazeer Field Development	Gas Field Development	5,000,000,000	Commissioning
Block 61 - Khazzan and Ghazeer Gas Fields Development - Overview	Gas Field Development	24,000,000,000	Commissioning
Block 7 - Onshore Exploration and Production	Exploration	160,000,000	Construction
Block 8 - Oil & Gas Offshore Field Development	Gas Field	45,000,000	Shelved
Bunkering Services Terminal	Marine Terminal	600,000,000	FEED
Duqm Liquid Jetty (IP7)	Oil Storage Terminal	600,000,000	Construction
Duqm Refinery & Petrochemical Complex - Duqm Refinery - Main Process Units	Petroleum Oil Refinery	4,000,000,000	Construction
Duqm Refinery & Petrochemical Complex - Duqm Refinery - Offsite Facilities	Petroleum Oil Refinery	800,000,000	Construction
Duqm Refinery & Petrochemical Complex - Duqm Refinery - Offsites and Utilities	Petroleum Oil Refinery	2,000,000,000	Construction
Duqm Refinery & Petrochemical Complex - Duqm Refinery - Overview	Petroleum Oil Refinery	7,700,000,000	Construction
Flare Gas to Power Schemes	Gas Recycling	200,000,000	FEED
Fuel Bunkering Facilities at Duqm Port	Marine Terminal	150,000,000	Project Announced
Iran to Oman Subsea Natural Gas Pipeline	Gas	600,000,000	EPC ITB
Liwa Plastics Industries Complex - NGL Extraction Units	Natural Gas Liquefaction (NGL)	700,000,000	Construction
Liwa Plastics Industries Complex - NGL Pipeline	Gas	400,000,000	Commissioning
Liwa Plastics Industries Complex - Overview	Polyethylene	6,500,000,000	Commissioning
Liwa Plastics Industries Complex - Polyethylene and Polypropylene Units	Polyethylene	800,000,000	Construction
Liwa Plastics Industries Complex - Steam Cracker	Ethylene	2,900,000,000	Commissioning
LNG Plant Upgrade	Liquefied Natural Gas (LNG)	100,000,000	EP
Mabrouk North East Deep Gas Field Development	Gas Field Development	5,000,000,000	EP
Marmul Polymer Phase 3 (MPP3) - Off-Plot and On-Plot Production Facilities	Oil Field Development	270,000,000	EP
Methanol-to-olefin (MTO) Scheme	Petrochemical Plant	2,300,000,000	On Hold
Muscat Gas Network	Gas Network	100,000,000	On Hold
Nylon Plant	Nylon	250,000,000	EPC ITB
Oil Storage and Terminal	Oil Storage Terminal	200,000,000	Project Announced
Port of Duqm - Floating Storage Regasification Unit (FSRU)	LNG Regasification	500,000,000	On Hold
Ras Markaz Crude Oil Park	Oil Storage Terminal	400,000,000	Construction
Sadad North Early Development Facility	Oil Field Development	200,000,000	Construction
Salalah LPG Extraction	Liquefied Petroleum Gas (LPG)	650,000,000	Construction
South Grid Debottlenecking - Phase 2	Gas	80,000,000	EPC ITB
