

PROJECT WATCH – SAUDI ARABIA*

PROJECT NAME	FACILITY	BUDGET	STATUS
Annual Onshore Maintain Potential Programme	Maintenance	5,000,000,000	Construction
Berri Oilfield Expansion - Gas Oil Separation Plant Expansion	GOSP	1,700,000,000	Construction
Berri Oilfield Expansion - Overview	Oil Field Development	6,000,000,000	Construction
Dammam Oilfield Redevelopment	Oil Production	1,000,000,000	EP
Ethylene Oxide/Ethylene Glycol (EO/EG) Plant III	Ethylene Oxide	700,000,000	Commissioning
Gas Storage Facilities	Storage Tanks	1,000,000,000	Project Announced
Haradh Gas Increment Program - North Haradh Field Gas Compression Facilities	Gas Compression	1,200,000,000	Construction
Haradh Gas Increment Program - Overview	Gas Compression	1,200,000,000	Construction
Haradh Gas Increment Program - Satellite Gas Compression Facilities	Gas Compression	1,200,000,000	Construction
Hawiyah Gas Plant Expansion	Gas Processing	1,200,000,000	Construction
Hawiyah Unayzah Gas Reservoir Storage	Storage Tanks	1,700,000,000	Construction
Jizan - Petrochemical & Chemical Fiber Integrated Project - Overview	Purified Teraphtalic Acid (PTA)	3,800,000,000	Construction
Jizan - Petrochemical & Chemical Fiber Integrated Project - Phase 1 - PTA and PET Plants	Purified Teraphtalic Acid (PTA)	1,300,000,000	Construction
Jizan - Petrochemical & Chemical Fiber Integrated Project - Phase 3	Polybutylene Terephthalate (PBT)	800,000,000	Feasibility Study
Jizan Export Refinery - Overview	Petroleum Oil Refinery	2,100,000,000	Commissioning
Jubail Gas Phase 9 - Air Separation Unit	Industrial Gas Production	900,000,000	Construction
King Salman International Complex for Maritime Industries & Services - Overview	Ship Yard	5,300,000,000	Construction
Marjan Field Expansion - Overview	Oil & Gas Field	16,000,000,000	Construction
Marjan Field Expansion - Package 1 - Gas-Oil Separation Plant (GOSP-4)	GOSP	5,000,000,000	Construction
Marjan Field Expansion - Package 10 - Gas Treatment and Sulphur Recovery Facilities	Gas Treatment Plant	1,200,000,000	EP
Marjan Field Expansion - Natural Gas-to-Liquids Recovery and Fractionation Facilities	Natural Gas Liquefaction (NGL)	1,000,000,000	EP
Marjan Field Expansion - Package 3 - Offshore Water Injection Platforms	Water Injection	5,000,000,000	EP
Marjan Field Expansion - Package 4 - Offshore Gas Facilities and Pipelines	Gas Field Development	1,500,000,000	Construction
Marjan Field Expansion - Package 6 - Tanajib Onshore Facilities	Gas Compression	1,500,000,000	Construction
Marjan Field Expansion - Package 9 - Inlet Storage and Compression Facilities	Gas Compression	1,000,000,000	EP
Marjan, Berri, Zuluf and Safaniyah Expansion - Overview	Oil & Gas Field	7,000,000,000	Construction
Master Gas System Expansion - Phase 2 - Overview	Gas	2,400,000,000	Commissioning
Master Gas System Expansion - Overview	Non Associated Gas	4,050,000,000	Construction
Master Gas System Expansion - Phase 2 - Package 1 - Western Region Pipeline	Gas	830,000,000	Commissioning
Neom City - Rail Network - Overview	Railway	23,000,000,000	Design
Offshore Maintain Potential Programme	Oil & Gas Field	7,000,000,000	Construction
Propane Dehydrogenation (PDH) and Polypropylene (PP) Complex	Polypropylene	1,800,000,000	EP
Ras Tanura Refinery - Aromatics Unit	Aromatics	3,500,000,000	Commissioning
Ras Tanura Refinery - Clean Fuels Project	Petroleum Oil Refinery	2,000,000,000	Commissioning
Safaniyah Debottleneck Onshore Plant	Oil Production	800,000,000	Construction
Safaniyah Oil Field Expansion - Overview	Offshore Platform	1,500,000,000	Construction
TotalEnergies - Amiral Petrochemical Complex - Overview	Petrochemical Plant	9,000,000,000	FEED
Unconventional Gas Program - South Ghawar Development - Gas Separation Plant	Gas Treatment Plant	700,000,000	EP
Unconventional Gas Program - South Ghawar Field Development - Overview	Gas Field Development	2,200,000,000	EP
Yanbu Crude Oil To Chemicals (COTC) Complex	Polyethylene	20,000,000,000	Feasibility Study
Zuluf Oilfield Expansion - Overview	Oil Field Development	1,700,000,000	Construction
