

# PROJECT WATCH - Qatar\*

PROJECT NAME	FACILITY	BUDGET	STATUS
Al Khalij Oilfield - Pipeline Replacement	Welded, Oil	200,000,000	Construction
Al Shaheen Offshore Field Development Plan - Phase 2.3 (Gallaf Phase 2.3) - Wellhead Platforms and Modifications - Overview	Oil Field, Gas Field	1,200,000,000	Construction
Al Shaheen Offshore Field Development Plan - Phase 2.3 (Gallaf Phase 2.3) - Wellhead Platforms and Modifications - Package 1 - Wellhead Platforms	Production Platform	300,000,000	Commissioning
Al Shaheen Offshore Field Development Plan - Phase 2.3 (Gallaf Phase 2.3) - Wellhead Platforms and Modifications - Package 3 - Subsea Pipelines	Welded, Gas	200,000,000	Construction
Al Shaheen Offshore Field Development Plan - Phase 2.3 (Gallaf Phase 2.3) - Wellhead Platforms and Modifications - Package 4 - Modifications	Production Platform	300,000,000	EP
Al Shaheen Offshore Field Development Plan - Ruya Development	Oil Field	6,000,000,000	EP
Al Shaheen Oil Field Development - Offshore Upgrades Works (DBN - PWT)	Development Drilling & Production, Oil Field	270,000,000	Construction
Bul Hanine Offshore Oilfield Expansion	Oil Field, Oil Processing Facility, Production Platform	3,000,000,000	EPC ITB
Bul Hanine Redevelopment	Development Drilling & Production	11,000,000,000	Construction
Dukhan Production Facilities Upgrade Project - Phase 1B - 7 DGS Modifications and Additions	Gas Processing	250,000,000	FEED
Expansion of Idd El-Shargi North Dome (ISND Phase-5) - Overview	Oil Field	1,400,000,000	Construction
Expansion of Idd El-Shargi North Dome (ISND Phase-5) - Package 1.2 - Wellheads Topside and Offshore Pipeline	Oil Field	400,000,000	Construction
Expansion of Idd El-Shargi North Dome (ISND Phase-5) - Package 2 - Wellhead Platforms	Production Platform	610,000,000	EP
Maydan Mahzam Oil Field - Redevelopment	Development Drilling & Production	1,000,000,000	FEED
New Fuel Depots and Multiproduct Pipelines	Welded	960,000,000	On Hold
North Field Expansion (NFE) - Topside Facilities and Offshore Pipelines - Offshore Pipelines Package	Welded, Oil, Submarine Oil	500,000,000	Construction
North Field Expansion (NFE) - Topside Facilities and Offshore Pipelines - Overview	Development Drilling & Production	500,000,000	Construction
North Field Expansion (NFE) - Topside Facilities and Offshore Pipelines - Topside Facilities Package	Development Drilling & Production	500,000,000	Construction
North Field Expansion Project - Offshore Facilities	Liquefied Natural Gas (LNG)	1,000,000,000	Construction
North Field Expansion Project - Onshore Facilities - Overview	Gas Field	27,600,000,000	Construction
North Field Expansion Project - Onshore Facilities - Package 2 - LNG Storage and Loading Facilities Expansion	Offsite & Storage Tanks	2,000,000,000	Construction
North Field Expansion Project - Onshore Facilities - Package 3 - Storage Tanks and Utilities	Offsite & Storage Tanks, Seamless, Welded	1,200,000,000	Construction
North Field Expansion Project - Onshore Facilities - Package 4 - Sulphur Handling Facilities	Sulphur Handling Facility	800,000,000	Construction
North Field Expansion Project (NFXP) - Phase 1 - North Field East (NFE) - Package 1 (LNG Trains)	Liquefied Natural Gas (LNG)	20,000,000,000	Construction
North Field Expansion Project (NFXP) - Phase 2 - North Field South (NFS) - LNG Trains	Liquefied Natural Gas (LNG)	6,000,000,000	Construction
North Field Expansion Project (NFXP) - Phase 2 - North Field South (NFS) - Offshore Pipelines (100 kilometres)	Gas, Gas Pipeline	-	EPC ITB
North Field Expansion Project (NFXP) - Phase 2 - North Field South (NFS) - Overview	Liquefied Natural Gas (LNG)	20,000,000,000	Construction
North Field Production Sustainability (NFPS) - Overview	Gas Processing	4,000,000,000	Construction
North Field Production Sustainability (NFPS) - Phase 2 - Offshore Facilities Package	Gas Processing	2,000,000,000	EP
North Field Production Sustainability (NFPS) - Phase 2 - Overview	Gas Processing	3,000,000,000	EP
North Field Production Sustainability (NFPS) - Phase 2 - Subsea Pipelay Package	Welded, Submarine Gas	1,000,000,000	Construction
North Field Production Sustainability (NFPS) Compression Project - Overview	Gas Compression	7,000,000,000	EP
North Field Production Sustainability (NFPS) Compression Project - Package 1 - Fuel Gas Pipelines and Subsea Cables	Welded, Gas, Gas Pipeline	1,000,000,000	EP
North Field Production Sustainability (NFPS) Compression Project - Package 2 - Platforms	Production Platform	4,500,000,000	Construction
North Field Production Sustainability (NFPS) Compression Project - Package 3 - Offshore Platforms and Pipelines	Gas, Production Platform	700,000,000	EPC ITB
North Field Production Sustainability (NFPS) Compression Project - Package 4 - Platforms	Production Platform	4,000,000,000	EPC ITB
Propane Dehydrogenation and Polypropylene Complex	Propane Dehydrogenation, Polypropylene	5,000,000,000	FEED ITB
Qatar Barzan Gas Field Development Project - Offshore - Phase 3 - Wellheads Platforms and Associated Facilities	Gas Field	300,000,000	On Hold
Qatar Barzan Gas Field Development Project - Onshore - Phase 2 - Offsite and Utilities	Gas Field	2,000,000,000	On Hold
Qatar Barzan Gas Field Development Project - Overview	Gas Field	10,300,000,000	Construction
Ras Laffan LPG Bottling Plant	Liquefied Petroleum Gas (LPG), Offsite & Storage Tanks	240,000,000	EP
Station T3-Station-E Pipeline	Gas, Gas Pipeline	40,000,000	Feasibility Study
